

## THE NEED

There are more than 2.7 million lesbian, gay, bisexual, and transgender (LGBT) Latinx adults in the United States, the equivalent of the entire population of Chicago.<sup>1,2</sup>

### LGBT LATINX ADULTS RAISING CHILDREN<sup>3</sup>

LGBT Latinx people are more likely than the average LGBT person to be raising children.

**Nearly 4 in 10 LGBT Latinx adults are raising children.**

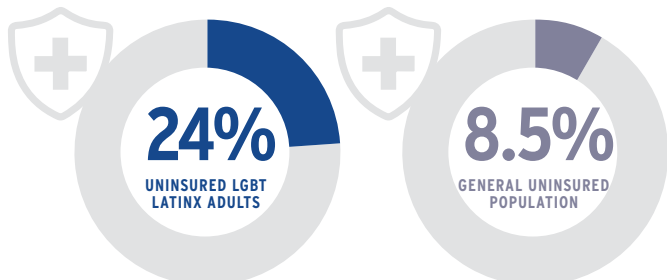

### FOOD INSECURITY AMONG LGBT LATINX ADULTS<sup>4</sup>

LGBT Latinx people are more likely to experience negative disparities in employment, housing, and food security.

**As of 2017, 32% of LGBT Latinx people reported not having enough food to eat at some point in the past year.**

### PERCENTAGE OF UNINSURED LGBT LATINX ADULTS<sup>5,6</sup>

LGBT Latinx adults also face alarmingly high rates of asthma, depression, HIV/AIDS infection, tobacco use, and more.

**LGBT Latinx adults are nearly 3 times more likely to be uninsured when compared with the national average.**

### PERCENTAGE OF LGBT LATINX IMMIGRANTS AS DACA RECIPIENTS<sup>7,8</sup>

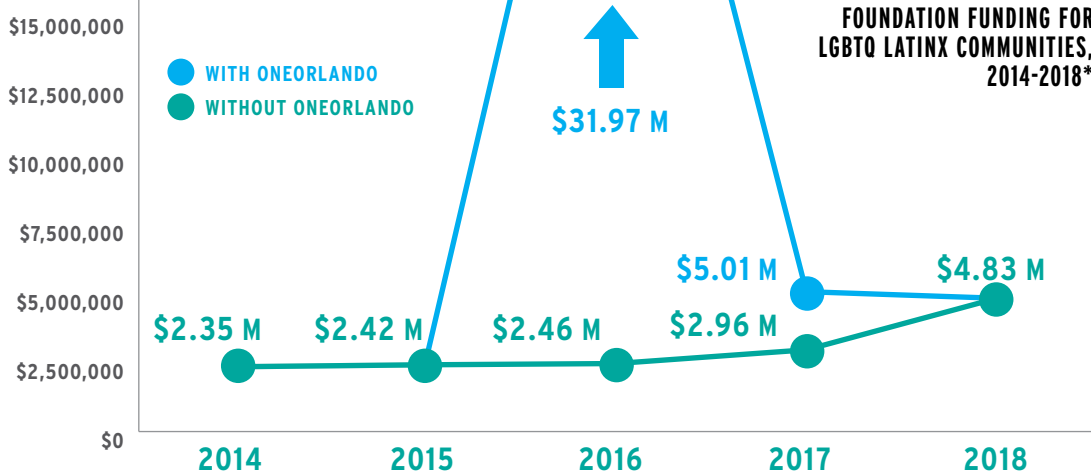

**Of the more than 190,000 undocumented LGBTQ Latinx immigrants, 75,000 are recipients of Deferred Action for Childhood Arrivals (DACA).**

These DACA recipients and other LGBT immigrants have faced severe scapegoating and attacks in the political climate of recent years. Trans immigrants in particular are often subjected to isolation and abuse in detention and immigration enforcement.

## THE FUNDING<sup>9</sup>

Over the past five years, foundation funding for LGBTQ Latinx communities has gradually increased,

with a dramatic spike in 2016 fueled by the philanthropic response to the Pulse Nightclub Massacre.

FOUNDATION FUNDING FOR LGBTQ LATINX COMMUNITIES, 2014-2018\*

**\*NOTE** In 2016-2017, the OneOrlando Fund raised and gave out more than \$30 million for the survivors and families of victims of the Pulse Nightclub shooting. This was the largest fundraising effort in history for a cause related to LGBTQ communities, an inspiring moment of generosity that largely supported LGBTQ Latinx communities. Since the OneOrlando funding was so focused in both scope and time, it has been excluded from much of the funding data presented here.

### THE TOP 10 FUNDERS OF LGBTQ LATINX COMMUNITIES, 2017-2018

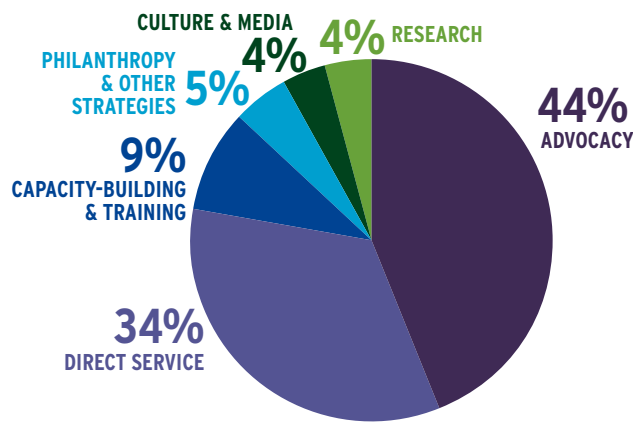

Gilead Sciences	\$1,100,998 (15%)
Arcus Foundation	\$948,000 (13%)
Borealis Philanthropy	\$907,350 (11%)
Foundation for a Just Society	\$500,000 (6%)
Our Fund - Contigo Fund	\$443,162 (6%)

Robert Wood Johnson Foundation	\$405,065 (5%)
The California Endowment	\$393,713 (5%)
Marguerite Casey Foundation	\$225,000 (3%)
AIDS United	\$195,000 (2%)
ViiV Healthcare	\$181,000 (2%)

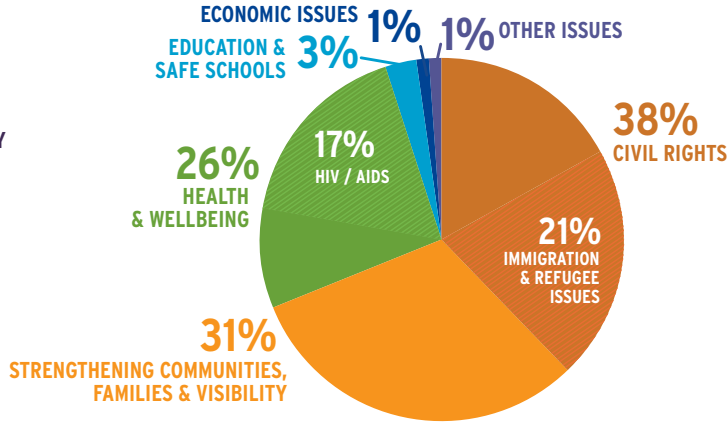

But the funding is dependent on a small number of funders and is even more top heavy than LGBTQ philanthropy in general.

**The top 10 funders of LGBTQ Latinx communities account for 68 percent of all funding for LGBTQ Latinx communities.**
